## FIELD SERVICE

## ULTIMATE EXCHANGE COMPONENTS

UEC's professional field service support is designed for demanding mining, construction and earthmoving environments, delivering skilled technicians and the right tools directly to your machines. By resolving issues where the equipment stands, we eliminate workshop transport delays, speed up turnaround times and help keep your projects on schedule.

FASTER ON-SITE REPAIRS

REDUCED DOWNTIME

NO TRANSPORT DELAYS

IMPROVED PRODUCTIVITY

RELIABLE TECHNICAL SUPPORT

### UEC FIELD SERVICE TECHNICIANS PROVIDE ON-SITE:

- Mechanical repairs and breakdown support
- Hydraulic troubleshooting and fault finding
- Equipment inspections and routine maintenance
- Rapid response to minimise operational disruption
- Reliable expertise focused on maximising machine uptime

**YOUR PARTNER IN EARTHMOVING**
